

## Rotasystem **CleanAir**

Air purifier with HEPASilent technology from Blueair  
for optimal and safe indoor air

# Air Purifier

Hygienically safe and energy efficient

The Rotasystem **CleanAir** air purification systems from Blueair are hygienic systems for safe and clean air purification of rooms, tailored to the respective space requirements. Many system sizes and system controls enable the operator to use them individually.

- Modular multi-stage filter structure
- Filter stages: ionization - HEPASilent filter - activated carbon filter
- Air exchange 5 times
- Very low noise emissions
- Filter change indicator
- Depending on the model: air quality sensors
- Depending on the model: on / off timer
- Installation depending on type: pedestal | Mobile | Wall bracket
- Depending on the model: Wlan | App
- "Clean Air as a Service" concepts

## Rotasystem **CleanAir** systems at a glance

**Classic 680i**

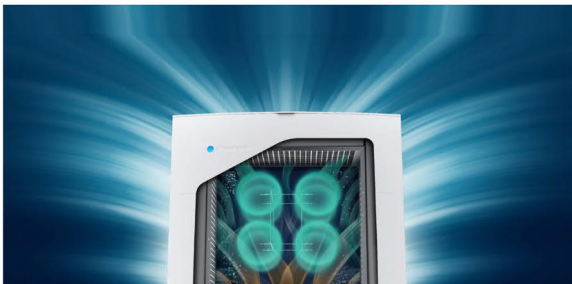

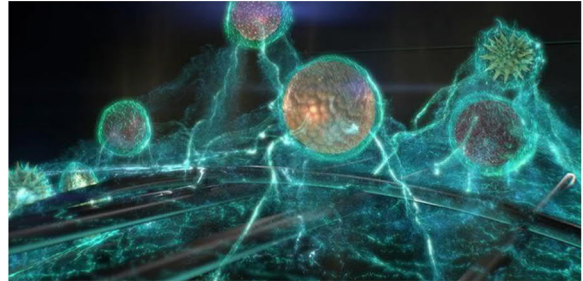

**PRO L**

**PRO XL**

System	Classic 680i	PRO L	PRO XL
Recommended room size	up to 72 m <sup>2</sup>	up to 72 m <sup>2</sup>	up to 110 m <sup>2</sup>
CADR für pollen	1088 m <sup>3</sup> /h	1020 m <sup>3</sup> /h	1529 m <sup>3</sup> /h
CADR for dust	850 m <sup>3</sup> /h	1070 m <sup>3</sup> /h	1614 m <sup>3</sup> /h
CADR for smoke	850 m <sup>3</sup> /h	833 m <sup>3</sup> /h	1360 m <sup>3</sup> /h
Air change / hour	5-times	5-times	5-times
Noise emission	32-58 dBA	32-55 dBA	32-62 dBA

## Safety and Hygiene

The air purification systems are constructed and designed according to hygiene guidelines. All systems have been tested for Clean Air Delivery Rate (CADR) by the American Home Appliances Association (AHAM). The Blueair air purifier has also been certified by the EPA with the Energy Star due to its low energy values.

## Service

**Service Hotline +49 89 4530920 | 24 hours available, Freecall**

In addition to a Clean Air as a Service concept, we also offer our customers an online portal with all information about our systems, plans, operating instructions, exploded views, spare parts lists and prices.
